## How Does **10 for 20** Work?

The **10 for 20** Program works as simply as its name sounds! Students are encouraged to approach 10 people in their lives to donate \$20 towards their Westmoore Marching Band trips and contests this season. If the students can successfully receive \$20 from 10 people they will have raised \$200 towards the band fees for the Fall Marching Season! Our Band fees this season are over \$400 so this will cover a large portion of the student's fees.

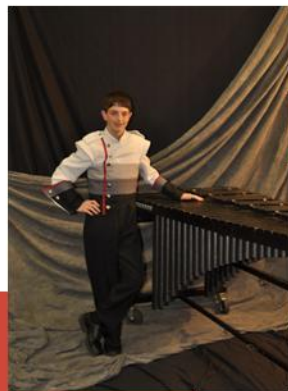

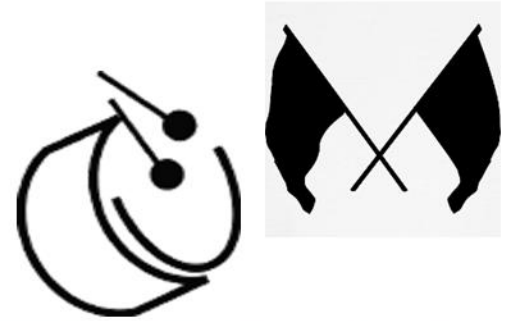

The Westmoore H. S. Band Boosters offer many fundraisers throughout the year to help the students raise money for their band fees and we know that there are friends and family that cannot participate in these local events. The **10 for 20** Program allows those people to support their student no matter where they live!

The best part of this program is that 100% of the money donated goes directly into the student's account!

## Bands of America—St. Louis Trip

The Pride of Westmoore will be traveling to St. Louis, Missouri in October .....

The Band will be participating in the Bands of America Super Regional Marching Competition! This is one of many contests that we will be traveling to this season!
